

Leicestershire Local Offer Strategy

▶ 2020 - 2025

Leicestershire
SEND

Our Vision

For all children and young people with special educational needs and their families to be able to access the information and support they need at the right time in Leicestershire so they achieve well in their education, participate and be involved in their communities and lead happy, safe and fulfilled lives.

The Local Offer brings together in one place information about health, education and social care for:

- ▶ children and young people from birth to 25 years old who have a special educational need or disability (SEND)
- ▶ parents and carers of children with SEND
- ▶ professionals working in health, care and education
- ▶ providers of services for children and young people

The Local Offer is a statutory obligation which is underpinned by the SEND Code of Practice (2014) which states that

Local Area's **must** publish a Local Offer, setting out in one place information about provision they expect to be available across education, health and social care for children and young people in their area who have SEN or are disabled, including those who do not have Education, Health and Care (EHC) plans.

What do we know and what have we heard?

▶ We know from families and young people that our Local Offer website can sometimes be hard to navigate and we are constantly trying to improve. However, we also know from families that we have many positive elements of our Local Offer that work. This includes the Local Offer Facebook page, our Locality Local Offer Roadshows and the SEND News. These elements give families the opportunity to access our Local Offer in a way that goes beyond a website.

In an independent review carried out of 148 Local Authority Local Offer websites in September 2020, Leicestershire was proudly ranked 1st place in the UK in terms of accessibility achieving over 99% in user testing. This means our website is accessible for all users, including people with disabilities, using old or unusual technology and people with poor internet access.

During February 2020 a survey held by the Parent Carer Forum 78% of the 70 parents who answered didn't know about the Local Offer Website and of 127 parent carers that responded; 48% answered yes they found what they were looking for and 44% answered no. 74% of the 74 parents that answered said they find the Local Offer Roadshows useful.

We are proud that Leicestershire's Local Offer was identified as a strength during the Local Area SEND Inspection carried out by Ofsted and CQC during February 2020. The report stated:

“The local offer for children and young people with SEND provides extensive education, health and care guidance and information to support children and young people and their families. Area leaders work with families to ensure that information is relevant and well promoted. Data collected by leaders and by inspectors during the inspection suggests significant use of the local offer website, including through social media.”

We also know from our Peer review which was carried out in 2016 that Leicestershire's Local Offer held the following content response percentages

and

What is our vision?

We believe that every child or young person with a special educational need or disability and their families should be able to access relevant information and support they require at the right time. We hope that by getting it right for families at the right time – children and young people with special educational needs and disabilities can live fulfilled and as independent as possible lives.

The Department for Education state that The Local Offer should be collaborative, accessible and Comprehensive and in Leicestershire these are the key principles in which our Local Offer is built on.

The publication of the strategy comes at a time of unprecedented challenge for all services, compounded by the recent Coronavirus pandemic. During this time the Leicestershire's Local Offer swiftly further embraced the digital offer, continuously keeping families and services updated via our website and social media platforms.

How will we know we have been successful?

Due to the very nature of the Local Offer – success is fluid. For it to be successful it must be under constant development and improvement and never definitive. We will continue to use the following measures for our success and development underpinned by annual work plans:

- ▶ Feedback from parent carers and young people
- ▶ Local Offer Roadshows feedback
- ▶ Voice and feedback captured at consultation events
- ▶ Social media feedback and engagement
- ▶ Analysis of our google analytics data
- ▶ Newsletter sign up data
- ▶ Inspection and peer review feedback

How will we do it?

Collaborative We will:	Accessible We will:	Comprehensive We will:
<ul style="list-style-type: none"> ▶ Coproduce and engage with parents, carers and young people including the parent carer forum and wider groups ▶ Ensure a shared ownership of the Local Offer across education, health and social care ▶ Review and communicate changes and developments with parents, carers and children and young people 	<ul style="list-style-type: none"> ▶ Ensure wide publicity of the Local Offer ▶ Visit each locality in Leicestershire with the Local Offer Roadshow bi-annually. We will include evening and weekend events ▶ Provide printed and electronic copies of a termly newsletter ▶ Review and revisit content on the website ▶ Utilise digital technologies such as video and social media 	<ul style="list-style-type: none"> ▶ Ensure information is up to date by reviewing annually ▶ Ensure a breadth of information which covers, education, health and social care ▶ Recognise gaps and encourage user feedback on pages ▶ Share information relevant to our neighbouring authorities ▶ Interpret qualitative and quantitative data to inform our developments
